20 July 2018

Dear Adam

Request to amend implementation dates for Change Proposals CPW028 and CPW033

Thank you for your letter of 27 June 2018 requesting an amendment to the implementation dates for CPW028 and CPW033 (approved by Ofwat on 28 March 2018), from 28 September 2018 to 26 October 2018, to align with the release of version 5.0 of CMOS.

We have given due consideration to your request and can confirm that we approve the amendments to the implementation dates for these Change Proposals. We note, in particular, the potential impact on Trading Parties' compliance with the code provisions if these amendments were not made.

In approving similar amendments to the implementation date for change proposals CPW014 and CPW022 in February 2018, we noted that the Market Arrangements Code does not cover amendments to implementation dates of Change Proposals. Given the need has again arisen to amend the implementation date for CPW028 and CPW033, MOSL and the Panel may wish to consider raising a code modification which allows for implementation dates, and the amendment of them.

We will publish a notification on our website confirming these amendments in due course.

Yours sincerely

Dan Mason
Principal – Market Outcomes and Enforcement
